

AMERICAN JOURNAL OF THEOLOGY & PHILOSOPHY

The American Journal of Theology and Philosophy is the official journal of the Institute for American Religious and Philosophical Thought.

The *AJTP* is a scholarly journal dedicated to the creative interchange of ideas between theologians and philosophers on some of the most critical intellectual and ethical issues of our time. The journal promotes lively conversation among theologians and philosophers by providing a forum for discussions in the following areas: 1) the interface between theology and philosophy, especially as shaped by American empiricist, naturalist, process, and pragmatist traditions; 2) the development of liberal religious thought in America.

History of Philosophy Quarterly

History of Philosophy Quarterly (HPQ) specializes in papers that cultivate philosophical history with a strong interaction between contemporary and historical concerns. Contributors regard work in the history of philosophy and in philosophy itself as parts of a seamless whole, treating the work of past philosophers not only in terms of historical inquiry, but also as a means of dealing with issues of ongoing philosophical concern. The journal favors the approach to philosophical history, increasingly prominent in recent years, that refuses to see the boundary between philosophy and its history as an impassable barrier.
