The Society for Ethnomusicology

As the official journal of the Society for Ethnomusicology, *Ethnomusicology* is the premier publication in the field. Its scholarly articles represent current theoretical perspectives and research in ethnomusicology and related fields, while playing a central role in expanding the discipline in the United States and abroad. Aimed at a diverse audience of musicologists, anthropologists, folklorists, cultural studies scholars, musicians, and others, this inclusive journal also features book, recording, film, video, and multimedia reviews. Peer-reviewed by the Society's international membership, *Ethnomusicology* has been published three times a year since the 1950s.
